1 Introduction

In this chapter we are going to discuss the motivation, research questions and the scope of the following thesis.

1.1 Motivation

The motivation of this thesis is to explore the possibilities of implementing a web-client with a cache on a client-side.

1.2 Research questions

2 Background

2.1 Related Work

Maybe you can mention SwiftCloud here.
<https://github.com/SyncFree/SwiftCloud>

3 Problem Analysis

Might be not needed

4 Design

Design or Approach

4.1 Modern offline applications

5 Technologies

This chapter consists of detailed description of used technologies to accomplish thesis goal.

5.1 Service Workers

5.2 IndexDB database

6 Architecture

Architecture

6.1 General overview of the architecture

6.2 Communication protocol description

7 Implementation

Implementation

8 Evaluation

Evaluation

9 Conclusion

Conclusion

9.1 Summary

9.2 Future Work
